Welcome to the 2024 Dayton Hamvention

This Year's Theme: *Expanding Our Community*

Welcome and thank you for joining us at HV2024. Since our move to Greene County, we have continued to make improvements and changes to the event. The facilities continue to be improved, and we learn more each year. This year, we helped improve the Fleamarket paths inside the track to provide a better and safer experience.

The theme "Expanding Our Community" describes our ever-expanding hobby. Each year, new amateurs become licensed. The best way to expand our involvement is to find someone to mentor. When most amateurs are asked, "How did you become a ham?" The answer is, "My friend told me about it, demonstrated the hobby, and worked with me to learn." Personal contact is the best way! Who are you talking to about Ham Radio? Recently, I was reminded of a group of younger people who were interested in experimenting with electronics that did not include amateur radio. When introduced to our hobby and embraced by the club members, they have grown to be interested in the crossover parts of the two hobbies. Their knowledge and drive to dive deeper is infectious. More diverse subjects are now being investigated by club members. Our challenge is, how are we going to expand our community with areas we never considered before?

Lifelong learning keeps our amateur radio hobby alive and vibrant.

On behalf of all our many volunteers, the Dayton Amateur Radio Association Board of Directors and my Assistant General Chair, Brian Markland, N8UDQ, thank you for being part of Hamvention history.

Flea Market	(937) 276-6932
Prizes	(937) 668-5311

INFORMATION
Information Booths are located inside the main pedestrian gate, outside the main pedestrian gate and rear walking gate to the flea market.

DARA MEMBERSHIP
DARA membership is located in Building 4, "Volta" Booth 4007. (See map pages.)

EMERGENCY MEDICAL CARE
Hamvention will have medical staff on site during show hours between Buildings 4 & 5. Emergency care is also available from the following:

Greene Memorial Hospital
1141 N Monroe Dr, Xenia, OH 45385

LOST & FOUND
The Information Booth inside the main pedestrian gate will accept lost items. Items can be retrieved at this location the day the item is lost. Items can be retrieved at this location on Friday between 9 a.m. and 5 p.m., Saturday between 9 a.m. and 5 p.m., and Sunday between 9 a.m. and 1 p.m.

MESSAGE CENTER
Leave a message for your friends by submitting their call sign and message at the Prize Booth. Prize monitors throughout the arena complex will periodically list "message holding" by call sign.

FREE LICENSE EXAMS
Have you been thinking about upgrading your license? Take a short ride across the street and visit the Hamvention License Exams. We are ready to assist you in taking that big step to a new license. Free license exams will be given across the street from Hamvention at Memorial United Presbyterian Church, 343 West Ankeney Mill Rd. Testing for all amateur license classes will be available on **Friday, May 17th and on Saturday, May 18th.** Hours for testing both days will be **10:00 a.m. until 2:00 p.m.** There will be no testing on Sunday.

Free shuttle vans are provided from the Hamvention site to the testing location and back. Shuttles will pick up and drop off near the main Hamvention gate. Exams will be given on a first-come, first-served basis. There is no pre-registration. Large print exams will be available at all test sessions.

Each applicant must have the following:
1) An FCC Registration number (FRN)
An FRN may be obtained by visiting the FCC at https://www.fcc.gov/wireless/support/knowledge-base/universal-licensing-system-uls-resources/getting-fcc-registration

Be sure to copy down the FRN number you are issued and bring it with you to the testing location.

2) Their current license (Original Copy, Reference Copy or Official Copy) if applicable.

3) The original and a copy of any CSCE or other paperwork (expired licenses, FCC letters, etc.) being submitted for element credit.

4) Identification (One of the following)
- a government-issued photo ID (e.g. driver's license, passport, CAC),
- a non-government issued photo ID (e.g. student ID),
- a non-photo ID (e. g. birth certificate).

Applicants may wish to bring a basic calculator for use during the exam as we have a limited number of basic calculators to loan. Use of smartphones and programmable calculators is prohibited.

FLEA MARKET CLAIM CHECK (PACKAGE PICKUP)
A "Flea Market Claim Check" is available for guests to check heavy or large purchases at the Flea Market Claim Check area and return with their vehicle to pick them up. The Claim Check area is located across from the Flea Market Office next to Gate 1. These passes act as a "Claim Check" and will be dated. Pass holders MUST return to the Will Call area via Gate 2 and must pick up their equipment before 6:00 p.m. on the day the pass was issued, except Sunday, pick-up is 3 p.m. IMPORTANT NOTE: The Dayton Hamvention, Dayton Amateur Radio Association or any of their volunteers are not responsible for any items/equipment checked that are left over night.

SPECIAL EVENT STATION
Work the world from Hamvention as W8BI at the 2024 special event station! There is no license requirement to participate.
The station, located in the Tesla Building will be operating during normal Hamvention hours.
Frequencies (+/- qrm) will be: 40m, 20m , 17m ,10m.
CW will be tried on the hour as conditions permit. The station will have paddles for CW.

TALK-IN FREQUENCIES
For directions and assistance in the Dayton area during your visit to Hamvention, contact "Talk-In" on the DARA Repeater 146.94(-) pl 123.0. with a backup frequency of 146.985(-) pl 123.0. We will have a bulletin system transmitting on 145.525 where attendees and vendors can hear the latest information and updates and get answers to the most frequently asked questions. Please tune in to the bulletin and then return to the Talk-In frequency if you have other questions or need more detailed information.

February 22, 2024

Dear Hamvention® Attendees:

Welcome back to Greene County! We are delighted and thrilled to be your host for the amateur radio event of the year.

Just as Hamvention® is rich in history and progress, so is Greene County. Within our borders, you will find museums and historic sites, culture/entertainment, restaurants, shopping, and outdoor adventures including our wonderful paved trails. We hope you can take some time to enjoy the many sites and scenes tour region has to offer.

Local businesses, government entities, the schools, and many others throughout the County have been preparing for your visit to ensure you have an enjoyable time.

Thank you for coming to our community to revitalize friendships and showcase your community of amateur radio operators. We are so ecstatic to be a part of the 72th reunion of Dayton Hamvention®!

Sincerely,

The Greene County Board of Commissioners

Richard D. Gould, President

Tom Koogler, Vice President

Rick Perales, Commissioner

EXPO CENTER
GREENE COUNTY

2024 Hamvention

Dear Dayton Hamvention® Attendees,

We are excited to welcome you back to the Greene County Exposition Center for the upcoming 2024 Dayton Hamvention®.
Our team has enjoyed working with the organizers again and are dedicated to providing an excellent experience for all attendees.
As we strive to grow and improve, we want to ensure that our facilities are fully prepared to host thousands of amateur radio enthusiasts from around the world for three memorable days in May.
We want to extend our gratitude for choosing the Greene County Exposition Center as your host facility during the event.
Our continued partnership is something we value greatly and look forward to for years to come.
We hope you have a pleasant and safe visit, and we can't wait to see you soon!

Best regards,

Rodney Keadle

EXPLORE XENIA
CITY OF XENIA, OHIO

OFFICE OF THE MAYOR

107 E. MAIN STREET • XENIA, OHIO 45385 • PHONE (937) 376-7232 • FAX (937) 374-1818

Greetings & Welcome to the City of Xenia!

The City of Hospitality welcomes you, Hamvention attendees! It is an honor for my hometown of Xenia, OH to host you for such a great weekend!

As you look ahead to your time in Xenia, we have been preparing and planning for the 50th anniversary of the F5 tornado that descended on Xenia on April 3, 1974. The Xenia community will never forget, but much has changed. The massive twister took the lives of 32 people that day in Xenia, injured more than 1,300 others, and left its mark of devastation on our community. The storm took people by surprise, because at that time, Xenia had no tornado sirens. Fifty years later, not only do we have sirens, but they are regularly tested to ensure they work when needed. Our citizens now have enhanced warning thanks to technology at their fingertips, be it a smartphone, tablet, or computer. There was so much property damage left in the tornado's wake that Xenia had to rebuild from the ground up. When doing so, many structures were built with the intent to withstand high winds.

While much has changed in Xenia over the past 50 years, much has stayed the same. Our community may look much different than it did before April 3, 1974, but the resilient spirit of the community remains. We come together in times of trial to help our neighbors, lend a hand where we can, and always remember that no matter what comes our way, Xenia lives.

Our City Administration Building at 107 E. Main Street features a beautiful historic timeline highlighting significant events with information and pictures from the last 200+ years of Xenia's history. There are also pictures and plaques marking the tornado, the path, and the devastation it brought to our home. Seeing the pictures contrasted against our incredible community now and how it continues to grow is remarkable. I hope you have time to stop by and observe our heritage and history.

For questions about Xenia, or where to spend your time locally, visit CityOfXenia.org for more information about this community. Again, welcome to Xenia and welcome to Hamvention!

Sincerely,

Sarah Mays

Greetings Hamvention 2023 Friends

The Xenia Township Board of Trustees would like to extend the warmest welcome to you all in what will be another memorable Hamvention in Greene County! It is always wonderful to see you and especially as the world emerges into more face-to-face endeavors. With each passing year we hope you continue to explore beyond your usual places of rendezvous so you can feel the very special "local experience" you will find here among us.

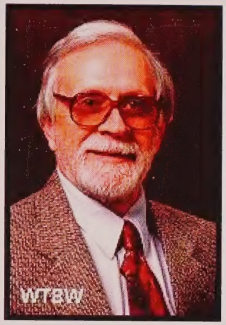
While you are away from home, during your stay here you will find you are in a region with a positively distinctive feel. We are confident you will enjoy yourselves in your interactions with friendly residents, while you dine at unique eateries, and as you explore the natural beauty of this area.

After Hamvention do not be surprised if you are drawn back here to experience destinations that show our rich historical heritage from the Shawnee to our three Historical Black Colleges and Universities, or by the many places of development of first flight to defending our skies in national defense. Perhaps you will extend your stay to enjoy the largest connected, paved walking and biking trail system in the United States, or to enjoy the beauty of one of the multiple local area's County or State Parks.

Come grow with us in this innovative location as you foster old friendships and develop new relationships. Although you might have arrived in Greene County meeting strangers, we hope you will leave as friends looking forward to your annual return.

We are glad you are here,

Alan D. Stock
Xenia Township Administrator

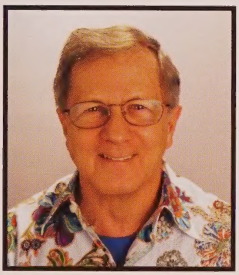


David Coons, WT8W

David Coons, WT8W, gave much to Dayton Amateur Radio Association and the amateur radio community. He was a past president of DARA and past Chairman of the Flea Market Committee and the Communication Committee for Hamvention. Dave worked tirelessly and was a man of vision. Dave is also the former Director of the ARRL Great Lakes Division.

Lee Boeckerman, W8LFB

Lee Boeckerman, W8LFB, was a long-time member of DARA and a past General Chairman of Hamvention. Lee oversaw the event in 2010 while it was still located at HARA arena. He gave many hours to making the event a huge success. Lee will be remembered as a dedicated and caring leader and a great friend. He will be missed.



Dr. Bob Heil, K9EID

The man who defined the sound of live rock 'n' roll music and brought audio engineering principals into mainstream amateur radio use, Dr. Bob Heil, K9EID, passed away at the age of 83. Heil is known for his passion for AM operations. He served for many years as an on-camera host of the HamNation podcast.

Bob has been an integral part of Hamvention since the days it was held at the Biltmore Hotel in Dayton. Bob was the Hamvention Amateur of the Year in 1982. The amateur radio community will miss Bob's knowledge and enthusiasm.

Jim Tiderman, N8IDS

Jim Tiderman, N8IDS, served Dayton Amateur Radio Association and Hamvention in numerous capacities. He was an Assistant Chair and General Chairman of Hamvention as well as a DARA Board of Directors member. Jim was loved and respected by the club, his family, and community. Jim will be missed.

2024 ARRL NATIONAL CONVENTION AT HAMVENTION®

ARRL The National Association for Amateur Radio® welcomes all members and friends to Hamvention®. Use the following information to find ARRL-sponsored activities, exhibits, and program representatives.

ARRL STORE

Visit the ARRL store to join, renew or extend your ARRL membership, and get the latest publications, supplies, and official ARRL merchandise. ARRL Field Day is June 22-23, 2024.

- **BONUS** gift when you join, renew, or extend your ARRL membership.
- **FREE** 2024 ARRL convention button!

SATURDAY ARRL YOUTH RALLY

Connect with other young hams at Hamvention! The Youth Rally is intended for students who are 11 to 21 years of age. Visit the ARRL Youth Lounge for details.

Attend the ARRL Membership Forum Saturday 11 AM – 12:30 PM in Room 3

ARRL BOOTHS

- **ARES® – The ARRL Amateur Radio Emergency Service®**
- **ARRL Collegiate Amateur Radio Program**
  We Want U to help advance ham radio among college and university students.
- **ARRL Development and ARRL Foundation**
  Extend the reach of ARRL programs and services beyond membership dues.
- **ARRL Education and Learning**
  Explore the resources available for introducing radio science and wireless technology to everyone!
- **ARRL Field Volunteers**
  Sections, clubs, and volunteers!
- **ARRL Great Lakes Division**
  Gathering area for ARRL Field Organization networking featuring ARRL Sections: Ohio, Kentucky, and Michigan.
- **ARRL Laboratory**
- **ARRL Radiosport and DXCC**
  DXCC Card Checking, ARRL Contests and Awards, The ARRL Logbook of the World® (LoTW®), and QSL Bureau.
- **ARRL Youth Lounge**

ARRL
The National Association for Amateur Radio®

THANK YOU!
ARRL expresses its gratitude to the Hamvention® Committee, Dayton Amateur Radio Association, and all the volunteers who contributed to the success of the 2024 ARRL National Convention in Xenia, Ohio.

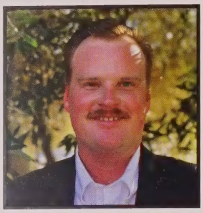
2024 ARRL/DARA Scholarships

Holden Correia- Fisher, KD2JPV

Holden Correia- Fisher, KD2JPV, is from Collingswood, NJ and has held a General License since 2016. He serves on the Board of Directors (since 2019) of the South Jersey Radio Association and is the youngest elected official in the club's history. He also belongs to the South Jersey Mountain Toppers and the Gloucester County Amateur Radio Club.

Holden is attending Rowan University in Glassboro, NJ and is studying Radio, Television and Film.



Justin Davis, KN6OJR

Justin Davis, KN6OJR, is from Saint Helena, CA and has held a Technician License since 2021. He became interested in amateur radio for a hobby and quickly saw how it benefits him professionally. He enjoys understanding RF signals, AG automation, remote sensing, mesh networks and drones.

Justin is studying Mechanical Engineering at Oregon State University and is the University's Station Manager for the OSU HAM Club.

Steven Drabbant, K5ZL

Steven Drabbant, K5ZL, is from Conroe, TX and received his first license in 2015 and has held an Extra License since 2019. His junior and senior high school science fair projects won both the district and the region and were based on predicting the distance a radio wave would travel under different conditions. In college he is part of an organization called AggieSAT - a student-run space program.

Steven is attending Texas A & M University and studying Chemical Engineering and Statistics.

Andrew Johnson, N4HFR

Andrew Johnson, N4HFR, is from Flemingsburg, KY and has held an Extra License since the beginning of 2024. He credits his father for introducing amateur radio into his life. They both belong to the Greater Mason County Radio Association and participate in weekly nets, field days, hamfests, QRP operations and POTA activities.

Andrew is attending the University of Kentucky and studying Chemical Engineering.

Lauren McLaughlin, KJ6KDZ

Lauren McLaughlin, KJ6KDZ, is from San Diego, CA and has held a Technician License since 2010. Her father originally introduced her to amateur radio. Her radio activities include: serving as a KA6LMS Special Event Operator on the set of the television show Last Man Standing, and writing C++ code and creating UI design elements for an open-source project developing LCD screens for use in MMDVM.

Lauren is studying Media Production at Carleton University.

Mikayla Wanger, N1BKR

Mikayla Wanger, N1BKR is from Westford, MA and has held a Technician License since 2017. She attends the breakfasts at her local radio club, the Police Amateur Radio Team, WB1GOF, participates in the 13 Colonies Contest, and is a certified SKYWARN Weather Spotter. She credits amateur radio for her interest in a scientific career and connecting her with peers who have a common interest in environmental science.

Mikayla is attending University of Massachusetts and studying Environmental Engineering.

The ARRL Foundation will be announcing the 2024 DARA Scholarship recipients in June. The ARRL Foundation Scholarship Program will accept applications beginning in October for students to apply for the 2025 DARA Scholarships along with other scholarships. Please visit http://www.arrl.org/scholarship-program for more information.

Friday, May 17th

9:15-10:35 — **Room 1**

TAPR - Topics in Digital Radio
Moderator: Scotty Cowling, WA2DFI, TAPR President
Speakers: Stana Horzepa, WA1LOU, TAPR Secretary/PSR Editor; John Ackermann, N8UR; Mooneer Salem, K6AQ; Dr. Hyomin Kim, KD2MCR
"TAPR Activities Update," "Write for PSR!", "Frequency Control for Next Generation SDRs." "Using ezDV to get on the air with Digital Voice." "Introducing the TAPR/HamSci Magnetometer."

9:15-10:10 — **Room 2**

Linux and Ham Radio Software
Moderator: Andy Stewart, KB1OIQ
Based on Ubuntu Linux, "Andy's Ham Radio Linux" is a diverse software collection. It has been distributed on Sourceforge since 2011, with over 100,000 downloads to date.

9:15-9:50 — **Room 3**

ARES, SAFECOM, and Building Relationships *2024 ARRL National Convention*
Moderator: Josh Johnston, KE5MHV, ARRL Director of Emergency Management
ARRL partners w/SAFECOM®(US Dept of Homeland Security.) Learn the importance of building and maintaining mutually beneficial relationships with local emergency management officials.

9:15-10:35 — **Room 4**

Digital Contest Forum
Moderator: Ed Muns, W0YK
Tim Shoppa, Ty Stewart, K3MM, W1UE; Courtney Krehbiel, KD6X
Thursday Night Fun WRT, Tim Shoppa, N3QE; FT NCCC Sprint, Dennis Egan, W1UE
SO4R with RigSelect PRO with Courtney Krehbiel, KD6X.

10:00-10:50 — **Room 3**

Instructor Academy with Gordon West *2024 ARRL National Convention*
Moderator: Gordon West, WB6NOA, ARRL National Instructor
"Gordo" will show off new training tools to help YOU lead your next lively ham radio license classes. Discover a wealth of resources, from fresh newsletters to Zoom friendly PowerPoints.

10:20-11:35 — **Room 2**

Xenia and Beyond - A History of Violent Tornadoes in Ohio and a Look Ahead at the Future of Tornado Forecasting
Moderator: Brandon Peloquin, Warning Coordination Meteorologist, National Weather Service, Wilmington, OH
Speakers: Thomas Johnstone, KJ4FYN, Meteorologist-In-Charge, NWS Wilmington OH and Gary Clark, KC8TND, Dayton Skywarn
A look at violent tornadoes in the Buckeye State, especially the Xenia tornado 50

years ago. A look at technological changes in detection & warning systems. Dayton Skywarn history update.

10:45-12:15 **Room 1**

Elecraft K4D Users Group
Moderator: Scott Wright, K0MD
Speakers: Bob Wilson N6TV; Eric Swartz WA6HH; others
Tips and Tricks for K4D users, new features for remote operation, and updates on K4HD. Q/A time included. A working model will be used to demonstrate features and techniques.

10:45-11:45 **Room 4**

How to Grow an Amateur Radio Club from Nearly Dead to Amazing!
Moderator: Chris Perry, KY4CKP Speaker: Brian Perry, KY4BDP
How to grow membership and activate members by holding activities: workdays, skills training, field days, social gathering (with lots of great food). A club that is active together grows together!

11:00-11:50 **Room 3**

Youth Outreach Amateur Radio STEM Education *2024 ARRL National Convention*
Moderator: Steve Goodgame, K5ATA, ARRL Education and Learning Manager
Empower the next generation of STEM leaders thru skill development and friendship. Using ham radio to engage students: how radios work, building,communication w/ satellites and astronauts.

11:45-1:15 **Room 2**

BalloonSat - Taking Amateur Radio to New Heights
Moderator: Bill Brown, WB8ELK
Speakers: Mason Mills KQ4GQB; Todd McKinney KN4TPG
STEM Amateur Radio balloon flights; Science under Totality: Ballooning during the NA Solar Eclipse; Amateur Radio Pico balloons-weather research. Concludes w/Pico balloon launch.

11:55-12:45 **Room 4**

Kit Building Techniques for Success
Moderator: Joe Eisenberg, K0NEB
Tools, tips and techniques for sorting parts, dealing with surface mount parts and hints on winding toroids, building kits for beginner to advanced, and group kit building experiences.

12:00-12:50 **Room 3**

Enhancing Transmitter Performance: The ARRL Clean Signal Initiative
2024 ARRL National Convention
Moderators: Mike Ritz, W7VO, ARRL Second Vice President; George Spatta, W1GKS, ARRL Laboratory Manager; Rob Sherwood, NC0B, Sherwood Engineering Inc.
CSI-ARRL initiative to improve amateur transmissions. Learn how CSI drives improvements to transmitter design while educating amateurs on new standards being created.

12:25-1:50 **Room 1**

Fine Tuning Your SOTA Experience
Moderator: Keith Schlottman, KR7RK
Speakers: Charlie Brown, NJ7V; Brian Betz, W7JET
Explore the latest techniques and innovations to help you get the most out of your

SOTA adventures. Interactive forum with experienced SOTA enthusiasts.

12:55-1:55 **Room 4**

Instructor's Forum
Moderator: Carole Perry, WB2MGP Speaker: Tim Duffy, K3LR
How to go into a school to recruit and retain young hams. Info on RCA free resources for instructors. Report on YDXA 2023 at K3LR and how to introduce young hams to contesting.

1:00-1:50 **Room 3**

How to Control Your Ham Shack with A Node-RED Dashboard
Moderator: Kyle Krieg, AA0Z *2024 ARRL National Convention*
Easy to learn flow-based programming language. Web-based example dashboards for command, control, automation. Getting started, explore remote HF, how to find pre-programmed flows.

1:25-2:30 **Room 2**

Remote HF Station Ideas and Building Blocks or New Hams & Remote Operating
Moderator: Michael Walker, VA3MW
The challenges/strengths of remote HF radio operations. How to achieve reliable remote HF radio performance. How Chesapeake Amateur Radio uses FlexRadios in its distributed server network.

2:00-4:00 **Room 1**

Antenna Forum
Moderator: Tim Duffy, K3LR
1) Dr. Nathaniel Frissell, W2NAF; First Results of the 2023-24 HamSCI Festivals of Eclipse Ionospheric Science.
2) Guy Olinger, K2AV; 160 Meters RF Loss, 5/16 Wave Single Wire Folded Counterpoise and Some Antennas.
3) Greg Ordy, W8WWV; AUTOEZ: A Revolution in the Evolution of Antenna Modeling.

2:00-2:50 **Room 3**

Ground is a Myth! *2024 ARRL National Convention*
Moderator: Kristen McIntyre, K6WX, ARRL First Vice President
Ground is something you stand on, but in an electrical sense, the meaning is much less clear. We drive rods into the earth, but why? We'll talk about DC and RF grounds, and even gravity.

2:05-3:30 **Room 4**

YLRL-Women Building Community Through Amateur Radio
Moderator: Anne Manna, WB1ARU
Young Ladies Radio League - The connections that women are making through many varied amateur radio activities. There will also be time for meeting and networking with other YLs. OMs are welcome, too.

2:40-3:45 **Room 2**

New Adventures using TCP/IP on 44Net (AMPRnet) and an ARDC Update
Moderator: John Hays, K7VE, ARDC Outreach Manager
Speaker: Jon Kemper, KA6NVY ARDC Technical DIrector
New techniques for accessing/using 44Net addresses for projects needing TCP/IP connectivity. Update on activities and grants. Participants may share joint projects done w/ARDC. Q/A time.

3:00-3:50 **Room 3**

Gaming the Amateur Radio Modes *2024 ARRL National Convention*
Moderator: David A. Minster, NA2AA, ARRL CEO
Push the boundaries of radiosport gaming, and level up! Tips and tricks covering station design, operating, instruction, and mastering the art of amateur radio modes, including FT8.

3:40-5:00 **Room 4**

Foxhunting/ Transmitter Hunting
Moderator: Dick Arnett, WB4SUV Speaker: Bob Frey, WA6EZV
How to get started on mobile/on-foot hunts, including equipment, mobile setup, getting started "On the Cheap." ARDF/Radio-Orienteering. Equipment for mobile and radio-orienteering events.

3:55-5:00 **Room 2**

HamSCI: The Ham Radio Science Citizen Investigation
Moderator: Nathan Frissell, W2NAF
HamSCI:Overview; 23/24 QSO Eclipse parties; Solar Eclipse Observations w/ HamSCI Grape Space Weather Station; WSPRDaemon, KA9Q-Radio w/HamSCI; EMS/Ham Radio Project.

4:00-5:00 **Room 1**

The Law and Amateur Radio
Bob Famiglio, Esq., K3RF, ARRL Atlantic Director, "What the ARRL Legal Defense Fund Can Do for You" **Fred Hopengarten, Esq., K1VR, Past ARRL New England Director,** "Amateur Radio is Not a Personal Wireless Service"
The panel will present an update and Q&A for the pending ARRL HOA Bill.

4:00-5:00 **Room 3**

Five Steps to a Successful POTA Activation *2024 ARRL National Convention*
Moderator: Michael Martens, KB9VBR, @KB9VBRAntennas on YouTube
Parks on the Air® tips for smooth activation including park selection, equipment, setup, logging, and reporting. Tips and tricks he uses along the way for smooth activations.

Saturday, May 18th

9:15-10:20 **Room 1**

Ham Nation and Friends
Moderator: Josh Nass, KI6NAZ Speaker: Gordon West, WB6NOA
Ham Nation discussion with past guests and YouTube creators.

9:15-12:00 **Room 2**

Youth Forum
Moderator: Carole Perry, WB2MGP
Youth Presenters: Ian Alkema, KI8AN; Brianna Wall, KO8TYU; Cameron Frey, KD9VG; Anderson Ray, K4RAY; Elise Campbell, KE8TYU; Katie Campbell, KE8LQR
Topics include POTA, satellites, YOTA, 4H, and school club-K8LPS. See Hamvention website for youth presentation details. Promised guest speaker. Door prizes-you must be present to win.

9:15-10:50 **Room 3**

Good Operators and Interference *2024 ARRL National Convention*
Moderator: Bart Jahnke, W9JJ, ARRL Regulatory Information Manager
Participants: Lark Hadley, KA4A, Director, Region Three, FCC Enforcement Bureau; Riley Hollingsworth, K4ZDH, ARRL Volunteer Monitor Program Administrator; George Spatta, W1GKS, ARRL Laboratory Manager
ARRL Volunteer Monitor Program; How/when to use the FCC Enforcement Bureau Complaint Portal; ARRL help with RFI issues; and ARRL's role in protecting the amateur radio spectrum.

9:15-10:15 **Room 4**

Getting Started with FreeDV Digital Voice and Web GUI Construction Set for Every Ham
Moderator: Mel Whitten, K0PFX
Speakers: Mooneer Salem, K6AQ and Bruce Perens, K6BP
FreeDV, an innovative digital voice mode designed for HF. How to create a web control w/any modes,simultaneously from the same screen, any hardware or OS (and include a remote station.)

10:25-11:35 **Room 4**

Fast Scan ATV
Moderator: Art Towslee, WA8RMC Speaker: Gordon West, WB6NOA, Mike Collins, WA6SVT
Art & Gordon will present Digital ATV basics with a comparison of DVB-S, DVB-T, analog ATV. Mike will talk about updates to the California ATN television group

10:35-11:40 **Room 1**

Parks on the Air
Moderator: Matt Heere, N3NWV
POTA overview with how to get started, "Lessons Learned" from experienced POTA operators, and 2023 update. Something for everyone from novice to expert. There will be time for Q&A.

11:00-12:00 **Room 3**

ARRL Membership Forum *2024 ARRL National Convention*
Moderator: Scott Yonally, N8SY, ARRL Director — Great Lakes Division
Panelists: Rick Roderick, K5UR, ARRL President; Kristen McIntyre, K6WX, ARRL First Vice President; David A. Minster, NA2AA, ARRL CEO
ARRL promotes and protects amateur radio! Engaging youth through STEM education and free membership; recruitment strategies for ARES®; helping hams w/ involuntary limitations;and more.

11:45-12:45 **Room 4**

VHF/UHF/Microwave Forum
Moderator: Tony Emanuele, K8ZR
Speakers: Joel Harrison, W5ZN; Rus Healy, K2UA; and Jay Baack, N1AV
Amateur bands from 50 MHz through the mm-wave bands. Three presentations: 1) A Summary of WRC23, 2) TBD, 3) 902 MHz WAS Chase and the March 2024 EME Dxpedition to Hawaii.

11:50-1:50 **Room 1**

DX Forum
Moderator: Brian Bathe, AD8FD
Speakers: James Gallo, KB2FMH; Adrian Ciuperca, KO8SCA; Gene Spinelli,

K5GS and Cezar Trifu, VE3LYC
DXPedition Reviews including 1) KH8RRC presented by KB2FMH 2) W8S presented by KO8SCA 3) TX5S presented by K5GS 4) V62S & V62P presented by VE3LYC

12:10-1:10 **Room 2**

ARISS: Celebrating 40 Years of Amateur Radio on Human Spaceflight Missions
Moderator: Frank Bauer, KA3HDO
Speakers: Tanya Anderson, KD9BQZ; Randy Berger, WA0D; Jim Reed, N4BFR; and Rosalie White, K1STO
Dec. 83 - Astronaut Owen Garriott, W5LFL, talked to the world via amateur radio, transforming astronaut communications. Reflect on past/future ham radio operations and youth education. Prepare for voyages in low Earth orbit & Deep Space! New announcements and surprise guests.

12:55-1:55 **Room 4**

Integrating the Internet with Amateur Radio
Moderator: Tom Loughney, AJ4XM, QCWA President
Overview of internet sites most useful to Hams, including remote stations and remote control. PDF of all the sites mentioned, plus more, will be sent to your email. Door prize supplied by MFJ.

1:00-4:00 **Room 3**

ARRL Youth Rally Activities *2024 ARRL National Convention*
Moderator: Steve Goodgame, K5ATA, ARRL Education and Learning Manager
Young Hams 11-21. Learn about satellite communications, join a short sprint contest, contact a parachute mobile station, more. Bring a 2-meter handheld radio. Pre-register www.arrl.org/expo is suggested.

1:20-2:50 **Room 2**

AMSAT
Moderator: Phil Smith, W1EME
Speakers: Robert Bankston, KE4AL; Jerry Buxton, N0JY; Alan Johnston, KU2Y; Drew Glasbrenner, KO4MA; and Frank Karnauskas, N1UW
Updates on activities, challenges, accomplishments, projects; current and upcoming satellite missions; AMSAT CubeSat Simulator; current satellites; AAMSAT Youth Initiative and its features.

2:00-3:50 **Room 1**

Contesting
Moderator: Doug Grant, K1DG
Speakers: Mike Wetzel, W9RE; Mark Bailey, KD4D; Mark Haynes, M0DXR; Rus Healy, K2UA; John Dorr, K1AR and Bob Naumann, W5OV
Radiosport topics: 1) VP2VMM - A low-power effort with big results, 2) WRTC2026 Update, 3) Contest Antiques Roadshow, 4) The Evolution of Contesting in the 21st Century.

2:05-3:30 **Room 4**

Arduino - Building Projects with Microcontrollers
Moderator: Glen Popiel, KW5GP
All-new presentation on how to build projects with the Arduino and other microcontrollers. Learn to create your own feature-rich microcontroller-based projects for your home and ham shack.

3:00-5:00 **Room 2**

System Fusion
Moderator: Mark Thompson, WB9QZB
Speakers: John Kruk, N9UPC, Sales Manager, Amateur Radio Sales Division, Yaesu USA
Digital voice technology w/out a repeater or an aftermarket device. Learn about WiRES-X: connections, software, and how to utilize a connection to the world using Yaesu System Fusion.

3:40-5:00 **Room 4**

A Fun and New Way to Learn Morse Code
Moderator: Howard Bernstein, WB2UZE
Speakers: Mike Padron, N1CC and Jim Crites, W6JIM
Be part of the resurgence of Morse Code. Topics: Head Copy, QSO Protocol, Sending, Instant Character Recognition, Speed, Plateaus, Keys, Fear of Getting on the Air and More! Q/A. Dit-Dit.

4:00-5:00 **Room 1**

Software Defined Radio
Moderator: Stephen Hicks, N5AC, CTO of Flex Radio
Multiple speakers discuss advances in Software Defined Radio (SDR) technology. Concludes with a speakers' panel discussion including Q/A regarding SDR technology and products.

4:00-5:00 **Room 3**

ARRL Collegiate Amateur Radio Program (CARP)
2024 ARRL National Convention
Moderators: Tony Milluzzi, KD8RTT, Advisor, ARRL Collegiate Amateur Radio Initiative; Andy Milluzzi, KK4LWR, Advisor, ARRL Collegiate Amateur Radio Initiative; Bob Inderbitzen, NQ1R, Staff Liaison, ARRL Collegiate Amateur Radio Initiative; Steve Goodgame, K5ATA, Staff Liaison, ARRL Collegiate Amateur Radio Initiative
Learn how CARP (est. 2017) inspires ham radio on college campuses. ARRL CARP is sponsored in part by the W1YSM Snyder Family Collegiate & ARRL Affiliated Club Endowment Fund.

Sunday, May 19th

9:15-10:15 **Room 1**

The Fast Track to Getting Started in HF
Moderator: Michael Burnette, AF7KB
A sensible, economical philosophy and action plan for initiating participation on the HF bands. Included are solutions to space limitations and…gulp…the dreaded HOA rules.

9:15-11:00 **Room 2**

Lightning, Grounding and Radio Frequency Interference (RFI)
Moderators: Jim Bacher, WB8VSU and Bruce Sparrow, N2KTV
Outside lightning protection. Inside lightning protection and RF management, effects of bonding and cable management on RFI. How to use ferrite to reduce common mode interference.

9:15-9:50 **Room 3**

Tips for Successful Radio Clubs *2024 ARRL National Convention*
Presenter: Mike Walters, W8ZY, ARRL Field Services Manager

How to grow membership in ARRL Affiliated Clubs, the lifeblood of amateur radio at a local level. Topics will include recruitment, licensing, training, engagement, and leadership development.

9:15-10:05 **Room 4**

Zero Configuration Radio - Why are we still programming radios?
Moderator: William Franzin, VE4VR
Let radios ping other hams for operational settings. Use with handheld and mobile radios on VHF frequencies and above. Skip programming repeaters, tones, offsets or creating DMR codeplugs.

10:00-10:50 **Room 3**

ARRL Contest Program Update *2024 ARRL National Convention*
Moderators: Bart Jahnke, W9JJ, ARRL Radiosport Manager; Paul Bourque, N1SFE, ARRL Contest Program Manager
What's new for ARRL contests: new contests and categories for HF and VHF/UHF/SHF con- tests. Update on 2024 ARRL Field Day June 22-23. Free 2024 Field Day sticker for attending.

10:15-11:05 **Room 4**

Using your HT and netbook for radio messaging and e-mail
Moderator: Sholto Fisher, K7TMG
Sholto will explain how to configure and use the Winlink network and software for in-the-field email and messaging.

10:30-11:30 **Room 1**

Power, Current, Voltage, and Resistance (PIER) Review Method of Circuit Analysis
Moderator: Eric Nichols, KL7AJ
Learn the successful original method for analyzing electronic circuits by writing down "Power," "Current," "Voltage," and "Resistance" (PIER) of every component.

11:00-12:00 **Room 3**

Beyond Repeaters: See How Far Your Tech License Will Take You
2024 ARRL National Convention
Moderator: John McAuliffe, KD2ZWN, ARRL Lab Digital RF Engineer
Technician Class operating privileges. UHF beyond 70 cm; 10-meter digital modes, satellite, and long-range communication; and HF; CW privileges; how to build your own CW encoder/decoder.

11:10-12:00 **Room 2**

The DX Marathon Program
Moderator: Mark Wohlschlegel, WC3W
Global, simple, free and fun! Fastest growing DX program. What is it, why you should participate, and what types of awards are available. Something for everyone. 2023 results update included.

11:15-12:00 **Room 4**

DMR - How The Packets Get Your Voice From Here To There!
Moderator: Matt Genelin, N0YNT Speaker: Jeff Hochberg, W4JEW
Join us as we discuss the complex web of interconnecting DMR networks.

Award Winners

The Hamvention Awards committee is pleased to announce the winners of the Hamvention 2024 awards. Amateurs have been honored by Hamvention for their dedication and contribution to ham radio since 1955. Please join Hamvention in publicly honoring the recipients on Sunday afternoon prior to the final prize award activity.

Club of the Year The Young Ladies' Radio League, (YLRL)

The Young Ladies' Radio League, Inc celebrates its 85th Anniversary this year. With members from all over the world, the organization has been involved in everything from contests to emergency events to helping new hams get licensed and more. YLRL can be found at hamfests and conventions all over the world with a booth at Hamvention® since the 1950's and a YL Forum since the 1960's. Women helping women in Amateur Radio is a mission statement for this organization. YLRL has the motto QRV-I AM READY.

Special Achievement Award Anthony Luscre, K8ZT

Anthony Luscre, K8ZT, was licensed in 1981 and earned Amateur Extra in 2000. He has been a QRP operator, contester, and teacher throughout his career in amateur radio. Anthony is active on HF and VHF/UHF, using CW, phone, and digital. His QRP contacts now top 115,000. He has consistently finished in major contests and finished first in the World and US in both CQ Worldwide Phone and CW QRP categories multiple times. As a bonus, his QRP DXCC total recently topped the 328 mark, and he has completed 11-band WAS.

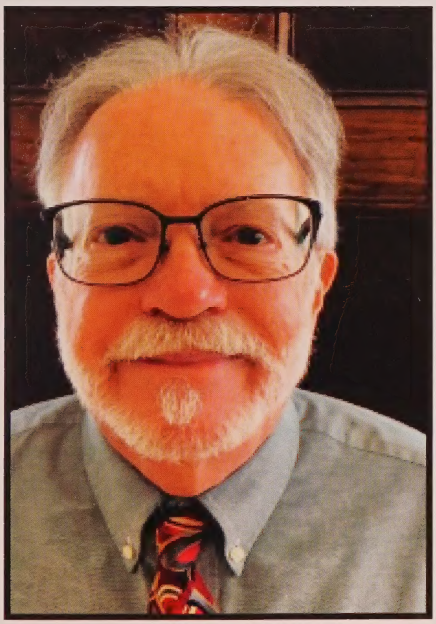
Between licensing classes, club programs, webinars, hamfests, conferences, youth and school radio demonstrations, and other in-person and online talks, Anthony has presented over 500 sessions since the beginning of COVID-19. He has presented multiple times for Contest University, QSO Today Expo, and at Dayton Hamvention. He does a weekly class, "The Joy of Operating," for the Long Island CW Club. Anthony serves as ARRL Ohio Section Youth Coordinator and is an officer in his local radio club. He enjoys writing as well as speaking and has prepared articles for a variety of publications, including CQ Magazine column "Ham Radio Explorer," the DX Engineering blog "On All Bands," and developing an online course "Introduction to Contesting" for the ARRL Learning Network.

Amateur of The Year Edward Engleman KG8CX

Edward Engleman, KG8CX, from Menominee, MI, is the co-founder of the Young Amateurs Communications Ham Team (YACHT). First licensed in 1991, he became an Amateur Extra class in 2000. He serves as a VE for the Marinette & Menominee Amateur Radio Club. Ed uses his background as a retired elementary educator and principal to develop youth skills in communications and technology via ham radio in many modes. The program encourages friendships among youth hams. Membership in YACHT (K8KD) continues to grow with 47 new members in 2023 alone.

YACHT Youth Forum have given presentations at the Hamvention youth forum. A number of the youth members have been awarded national recognition for their ham radio accomplishments. In addition to supporting youth presenters, YACHT has EchoLink sessions six evenings a week and encourages participation in all modes of amateur radio. Ed is proud to be part of the future of amateur radio by paying forward his interest in amateur radio by nurturing the next generation of hams.

Technical Achievement Award: Ward Silver, N0AX



For the past 15 years, Ward has been the Lead Editor of the ARRL Handbook and the ARRL Antenna Book, and a primary author of all three ARRL License Manuals and study guides. He wrote "Grounding and Bonding for the Radio Amateur" and "Ham Radio for Dummies." His monthly QST column, "Hands-On Radio," ran for 180 issues and is now published in book format. His contributions and editorial skills are evident in the recent ARRL book, "Here to There: Radio Wave Propagation." He gives online and in-person presentations and is a two-time recipient of the Bill Orr Technical Writing Award.

An electrical engineer, he designed microprocessor-based products and medical devices for 20 years before beginning a second career as a teacher and writer. Licensed since 1972, he is a co-founder of the World Radiosport Team Championships, and was inducted into the CQ Contest Hall of Fame in 2015, with numerous top scores and records. He is president of the Yasme Foundation (yasme.org) and is also a board member of the HamSCI collaborative research group (hamsci.org). Ward's primary amateur radio interests include radiosport, antenna design, and supporting his local emergency response team.

Previous Award Winners

Amateur of the Year

1955..... William C. Jenney, W8FYW
..... Benjamin S. Zieg, W9EHU, K4OQK
1956..... Edmund C. Ryan, W8LRR
1957..... Ralph Crammer, W8VHO
I958 ..... Rev. C. Lynn White, K4CC
1959..... Harlow Lucas, W8QQ
1960..... Paul Woffe, W8IVE
1961..... Ed Bonnet, W8OVG
1962..... Dana Cartwright, W8UPB
1963..... Chester Funk, K8EUF, K7ZKL
1964 .... H. Ruble, W8PTF
1965..... Carl B. Snyder, W8ARW
1966..... Robert K Caskey, W9DNQ
1967..... Jack Gray, W8JDV
1968..... Elmer Schubert, W8ALW
1969..... Wayne Walters, W9DOG
1970..... Kay Anderson, W8DUV
1971..... Al Michel, W8WC
1972 .... Don C. Miller, W9NTP
1973..... Ray E. Myers, W6MLZ
1974..... Barry Goldwater, K7UGA
1975 .... Richard A. Daniels, WA4DGU
1976..... Joseph M. Hertzberg, N3EA
1977..... Rafael M. Estevez, WA4ZZG
1978..... Frank Schwab, W8OK
1979..... George G. Batterson, W2GB
1980..... Wayne Overbeck, N6NB
1981..... Eric C. Shalkhauser, W9CI
1982..... Robert G. Heil, Jr., K9EID
1983..... Katashi Nose, KH6IJ
1984..... Dave L. Bell, W6AQ
1985..... John J. Willig, W8ACE
1986..... Roy Neal, K6DUE
1987..... Carole Perry, WB2MGP
1988..... Bill Bennett, W7PHO
1989..... Bill Pasternak, WA6ITF
1990..... Stephen Mendelsohn, WA2DHF
1991..... John B. Johnston, W3BE
1992..... Richard Baldwin, WIRU
1993..... Harry Dannals, W2HD
1994..... Perry Williams, WlUED
1995..... Rosalie White, WA1STO
1996..... William A. Tynan, W3XO
1997..... Leo I. Myerson, WØGFQ
1998..... Andrew J. Feldman, WB2FXN
1999..... Kenneth M. Miller, K6IR
2000..... Marttie Laine, OH2BH
2001..... George Jacobs, W3ASK
2002..... Alanson "Hap" Holly, KC9RP
2003..... Larry "Tree" Tyree, N6TR
2004..... David Kopacz, KY1V

2015..... Tim Duffy, K3LR
2016..... Joe Taylor, K1JT
2017..... Frank Bauer KA3HDO
2018..... Valerie Hotzfeld, NV9L
2019..... Nathaniel Frissell, W2NAF
2020..... Yasuo Miyazawa, JH1AJT
2021..... Angel Vazquez, WP3R
2022..... Jim Simpson, KF8J
2023..... Carsten Dauer, DM9EE

SPECIAL ACHIEVEMENT AWARD

1977.....South American Moonbounce (EME) Expedition Team of the Mt. Airy VHF Radio Club Inc., Philadelphia, PA
Elliott Weisman, K3JJZ
Anthony Sousa, W3HMU
S. William Olsan, W3HQT
Walter Boldman, K3BPP
Daniel Mitten, WA3NFU
Socrates Martinez, WB3AFY
Bohnar Aguilar, WB3AOP
1978.....Ronald Moorefield, W8ILC
1979.....Edward Tilton, W1HDQ
1980.....Joseph Merdler N6AHU
198I .....Bill Pasternak, WA6ITF,
Bill Orenstein, KH6IAF
1982.....Bruce Humphrys, KØHR
1983.....Lenore Jensen, W6NAZ
1984.....Ethel Smith, K4LMB
1985.....Judith Frye, KG8P
1986.....Rev. Michael Mullen, C.M., WB2GQW
1987.....Arthur Gentry, W6MEP
1988.....Fred Hammond, VE3HC
1989.....Phil Karn, KA9Q
1990.....Paul Thomson, KCØVG
1991.....Nate Brightman, K6ØSC
1992.....Ned Raub, W1RAN
1993.....Robert Adams, WA9ZMO
1994.....Russ Kroeker, N7HGE
1995.....Ed Briner, WA3TVG
1996.....John Kraus, W8JK
1997.....Joseph J. Fairclough, WB2JKJ
1998.....John B. Bellows, Jr., KØQB
1999.....Paul D. Lieb, KH6HME
2000.....A. Prose Walker, W4BW
2001.....Frank Bauer, KA3HDO
2002.....Dr. Owen Garriott, W5LFL
2003.....Jonathan Taylor, K1RFD
2004.....George S. Wilson III, W4OYI
2005.....D. Bharathi, VU2RBI
2006.....Riley Hollingsworth, K4ZDH
2007.....Ed Hare, W1RFI
2008.....Emery McClendon, KB9IBW
2009.....Richard Garriott, W5KWQ
2010.....Richard "Dick" Ross
2011.....Fred L. Lloyd, AA7BQ
2012.....Steve Betza, WZ2V
2013.....George a. Thomas, Jr, W5JDX
2014.....David Sumner, K1ZZ
2015.....Thomas C. Medlin, W5KUB
2016.....Stan Horzepa, WA1LOU
2017.....S. Ram Mohan VU2MYH
2018.....Heriberto Perez, KK4DCX
Victor Torres, WP4SD
Emilio Ortiz JR, WP4KEY
2019.....Christian Janssen, DL1MGB/KO2WW
2020.....Jordan Sherer, KN4CRD
2021.....Wesley Lamboley, W3WL
2022.....Kerry Banke, N8IZW

TECHNICAL EXCELLENCE AWARD

1984.....Lyle Johnson, WA7GXD
1985 ....Richard Whiting, WØTN
1986.....M. E (Doug) DeMaw, W1FB
1987.....Henry (Hank) Oredson, WØRLI
1988.....Lew McCoy, W1ICP
1989.....Byron Goodman, W1DX
1990.....Bob McGwier, N4HY
1991.....Lou McFadin, W5DID
1992.....Gerald Cromer, K4NHN
1993.....Dick Jansson, WD4FAB
1994.....Dick Newell, AK1A
1995.....Philip Ferrell, K7PF
1996.....William Orr, W6SAI
1997.....Al Ward, W5LUA
1998.....Robert E. Bruninga, WB4APR
1999.....Alfonso R. Torres, KP4AQI
2000.....Dr. H. Paul Shuch, N6TX
2001.....Peter Martinez, G3PLX
2002.....Allen Waller, K3TKJ
2003.....Steve Dimse, K4HG
2004.....Barry Sanderson, KB9VAK
2005.....Dr. Jerry Sevick, W2FMI
2006.....Richard Illman, AH6EZ
2007.....David Cameron, VE7LTD
2008.....Thomas C. McDermott, N5EG
2009.....Copthorne MacDonald, VY2CM
2010.....Simon Brown, HB9DRV
2011.....Roy W. Lewallen, W7EL
2012.....Joel R. Hallas, W1ZR
2013.....David Rowe, VK5DGR
2013.....David M. Whitten, II, KD0EAG
2014.....David Freese Jr, W1HKJ
2015.....Reverend George Dobbs, G3RJV
2016.....John S. Burningham, D.I.T, W2XAB
2017.....Rob Brownstein K6RB
2018.....Chip Cohen, W1YW
2019.....Pietro Begali, I2RTF
2020.....Steve Franke, K9AN
Bill Somerville, G4WJS
Joe Taylor, K1JT
2021.....Tamitha Skov, WX6SWW
2022.....Adam Farson, VA7OJ/AB4OJ
2023.....Dr. James Breakall, WA3FET
